10 CENTS

Signing up for the second summer session at West Texas State University were 2,243 persons. Late registration continues through 4 p.m. today. The first summer session drew 2,900

students. Fall registration will begin Aug. 27-29 with classes meeting on Aug. 31. The fall semester will be completed prior to the Christmas holiday.

## \$38,961 In Research Grants Awarded WT Faculty Members

Twenty-two research grants totaling \$38,961 have been awarded to faculty members at West Texas State University. The grants, which have been approved by President James P. Cornette, are funded by State.

Two grants will go to the School of Agriculture. Dr. Jimmie Green will receive \$3,781 for study in "The Influence of Soil Phosphorus Level on the Availability of Iron and Zinc in Irrigated Grain Sorghum."

### Edmondson At MVC Meet

Jack Edmondson, West Texas State University's faculty representative to the Missouri Valley Conference, is attending a conference meeting in St. Louis today.

The one-day meeting of faculty representatives is the first official meeting for Edmondson since West Texas State became a member of the conference June 20 in Dallas.

Among items on a heavy agenda which will require immediate action are recommendations from the league's athletic directors who met last month in Houston. (See EDMONDSON, Page 7)

Dr. Ronald C. Thomason will receive \$9,326 for the study of "The Proteins of Cereal Crops as Related to Pollen Development and as Influenced by Growth Regulations."

In the College of Arts and Sciences, thirteen grants were awarded. They included:

Dr. Prentice Caraway: "Congenital Malformations in Early Embryonic Development Induced by One of the Methamphetamine ('Speed') Drugs, Methedrine," \$1,650.

Dr. Gene Carlisle: "Synthesis, Magnetochemical, and Spectral Investigations of Polynuclear Oxoanadium (IV) Complexes," \$2,000.

Dr. Ernest R. Carlson and Dr. Vaughn C. Nelson: "Development of a Facility to Measure Magnetic and Electrical Properties of Materials at Low Temperatures," \$1,740.

Dr. Gene A. Crowder: "Infrared Spectroscopic Studies of Fluorinated Hydrocarbons," \$500.

Dr. Robert D. Finney: (Pending resubmission of proposal) "The World of the WTSU Athlete: A Sociological Analysis," \$1,995.

Dr. John E. Godfrey, Jr.:

"The Folklore Elements in Beowulf," \$1,500.

Dr. Marion Guidry: "Development of a Controllable, Chemically Defined Metritational-environment-matrix for Earthworms," \$600.

Dr. Larry Higgins: "A Monograph of Cryptantha Suggenus Oreocaryo," \$2,086.

Dr. Darrell Munsell: "Administration of the British

Commissariat During the Crimean War, 1854-1856," \$1,500.

Dr. Ronald R. McKown: "Karyotypes and Phylogeny of Turtles," \$835.

Dr. Alfred C. Schram: "Isolation of Fowl Antibody with Chaotropic Ions," \$1,381.

## Legislator In Capitol For Foreign Policy Briefing

Rep. Tom Christian has returned from Washington, D. C. and a briefing by Sec. of State William Rogers and members of the State Department staff.

Sponsored by Council of Young Political Leaders, the meeting was an invitational one for legislators under the age of 40. Delegates from 49 states and Puerto Rico were in attendance. Christian was part of an eleven member delegation from Texas.

"We were briefed on foreign affairs by Sec. Rogers and wide discussion revolved around the course of

foreign policy all over the world," Christian said.

"The main discussion was of the Middle East and Asia and we were given a lot of the history behind the current policy. I came away extremely impressed with the capability of the people running the thing, which I was somewhat doubtful of when I went up there."

"They were open enough in all of their discussions as to why treaties were signed and the responsibility of any action taken by the United States as the number one power in a more dominant role."

Action described was "not always between one alien power and one friendly power, but sometime between two friendly powers or between two alien powers. They were much freer with their information than I thought they could possibly be."

"Most questions asked by the Texas delegation dealt with economics of the thing," Christian said. "Were we likely to get troops tied up in the Middle East?" They said, "We did have commitments there."

"They feel it is essential in view of the fact that Russia has moved in there with people, that it is in the best interest of the United States and the free world to keep the power balanced. Even though Israel is outnumbered, it is still in control of the war. The obvious thing we want to do is to settle the thing."

"The Sixth Fleet is our mainstay in the Middle East. We have not used it for anything, except having it there (as evidence of the U. S. presence)," Christian said. There was no mention of increasing the naval power of the United States.

Moving to the area of Cambodia, Christian stated that "In regard to Sianouk, he was not necessarily overthrown, but had reached the point where he was playing so many ends that he toppled. It just kind of happened. Nobody was aware of (See LEGISLATOR, Page 7)

## Metcalf Found Guilty, Sentence Probated

BY TROY MARTIN

Marvin Paul "Wheels" Metcalf, Jr., 38, Vega, left the courtroom Tuesday with wife number 2 after being given a five-year probated sentence on bigamy charges for marrying wife number 3.

Randall County court house records reflect that Metcalf was divorced from wife number 1 almost a year after he is alleged to have been married to wife number 2.

Metcalf was charged in 181st district court with having married Eula Alene Brock Jan. 29, 1969 in Amarillo while still married to Lois Marie Moore Metcalf whom he is alleged to have married Dec. 15, 1958.

Metcalf's mother was first to take the witness stand as the trial opened here Monday. As a state's witness Mrs. Metcalf testified that her son was married to Lois Marie at the time of his wedding to Eula Alene.

She further testified that her son "wasn't himself" at the time and referred to a diary she had kept to refresh her memory noting that Marvin was a bit "looney."

The diary itself was blocked from evidence.

Mrs. Metcalf testified that there was a history of mental illness on "both sides of the family."

Mrs. Brock, a 36-year-old petite brunette, told the court of a whirlwind romance with Wheels whom she said she grew to adore. Mrs. Brock met the defen-

dant in an Amarillo bar where she worked for her sister.

She said she met him in August when he started coming by for a beer. She said she began dating him only a few weeks before her Jan. 29 marriage.

Mrs. Brock told a story of extreme attentiveness. He even baby sat with her four children while she was working.

"He said he wanted to get to know them," Mrs. Brock explained.

Mrs. Brock related that Metcalf had told her of a common law wife but had assured her that he had obtained a divorce secretly.

She said that after her wedding she shrugged off stories that Metcalf still was married to another woman. "I loved him," she sobbed from the witness stand. "The children were crazy about him and we were so happy!"

Mrs. Brock testified that Metcalf came home about a month and a half after the wedding and announced that his parents had offered him \$40,000 to leave her and return home.

She quoted Metcalf as having said he wouldn't leave her and the children for a million dollars. The next day he left and took the family car with him, she related.

A short time later, she said, Metcalf dropped the bomb shell by telephone when he told her that he had never been divorced from Lois Marie.

Throughout the day of testimony and arguments to the jury Lois Marie sat emotionless in the courtroom by the side of Metcalf's father who was not permitted to testify because of a heart ailment.

T. J. Messer, 4118 Cline Road, father of Eula Alene Brock, told the court he had welcomed Metcalf into his home.

"He seemed like a real nice fellow," he declared.

He told of having had business dealings with Metcalf's uncle, W. C. Metcalf, and of the uncle having told him Metcalf was already married.

He said he confronted his son-in-law with this information. "That's just my silly old uncle," he quoted Metcalf as having replied.

A marriage certificate of

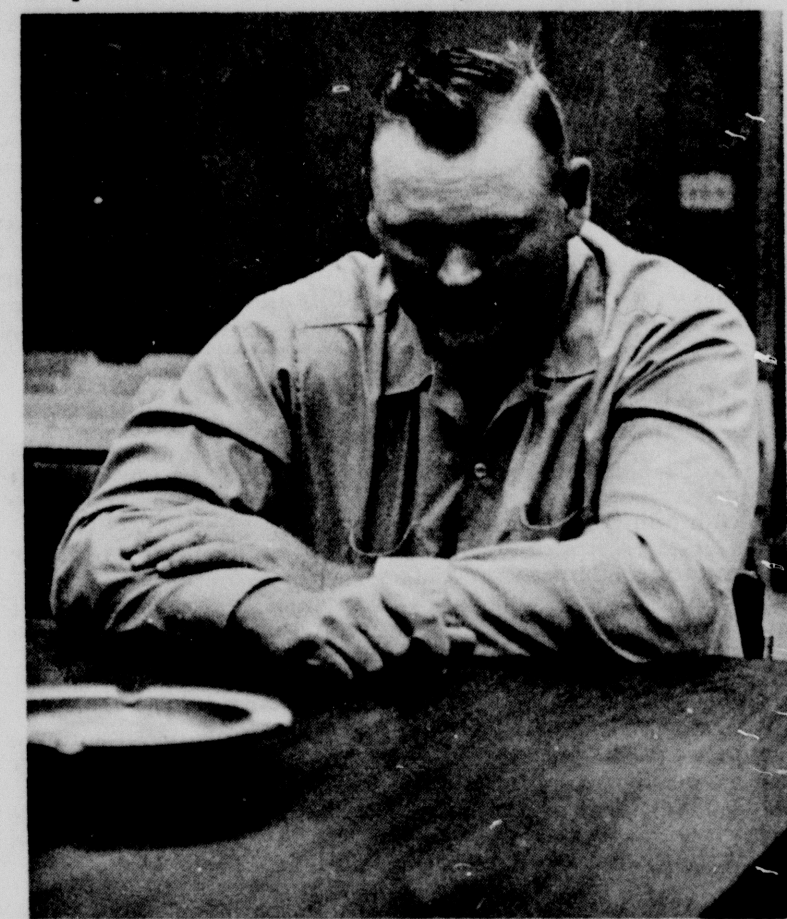

the 1958 marriage of Lois Marie and Metcalf was blocked from evidence because it was not certified by a district judge.

Defense Attorney Charles Fairweather's motion for an instructed verdict of not guilty because the state had not proved a valid common

law marriage between Lois Marie and Metcalf was denied by Judge Don Dean.

Harold Wheeler, former Oldham sheriff, testified of

having known Metcalf over a period of years and of having seen him and Lois Marie (See "WHEELS", Page 7)

Marvin Paul "Wheels" Metcalf was convicted of bigamy in 181st District Court on Tuesday. Metcalf received a five-year probated sentence and left the Courtroom with Wife No. 2.

### Child Welfare

## Randall Increases Share Of Support

Randall County Commissioners agreed Monday to increase support of county children being aided by the Child Welfare Department from \$500 to \$5,000.

The commission had received a request from Harry H. Phillips, Chairman of the Amarillo-Potter County Child Welfare Board to include this amount in the 1971 Randall budget. This figure represents the amount of money being spent now by the board for Randall County dependent children.

The money is used for food, clothing and foster home care of the children. Salaries for department workers are paid by the State of Texas.

The City of Amarillo voluntarily contributes \$12,000 each year to support of these children. The state portion is \$99,367.81. Potter County pays \$58,950. Adoption fees add up to \$5,403.74 and AFDC Foster Care reimbursement totaled \$4,850.53. Randall County has paid \$500 in the past. Total expenditure for child care is \$181,072.08.

It was noted that actual expense for Randall County children in 1969 was \$4,001.43. Randall children represent 10.4 percent (160) of the caseload of 1,593 children handled by the Department. Seven caseworkers handle 70.7 cases each per month with an average of 494 children handled each month.

The motion to increase Randall County support was made by Bill Butler and seconded by Jim Fletcher.

Randall County has also

been asked to appoint a member to the Child Welfare Board by Jan. 1, 1971. This will be considered at a later date by the commission.

In other business, the Commission discussed appointments to the Airport Zoning Board. L. A. Pitts and V. H. Curtis have been serving in this capacity. The Commissioners agreed to contact the two men and ask if they will continue to serve on the board.

A request for \$200 was made to establish a historical marker at the site of "Old Happy". It was proposed that inquiry will be made to (See RANDALL, Page 7)

## Davis Says Election Code Followed

Francis B. (Guy) Davis filed with Randall County Judge Carroll Brown to have his name placed on the November ballot as an independent candidate for Randall County Commissioner in Precinct 4.

Brown denied the application on the basis of failure to comply with the Texas Election Code in that Davis did not file an application of intent to be a candidate in February where other candidates were required to file.

Davis has replied, "Judge Brown's behavior, since I filed my application with him for County Commissioner, leads me to strongly suspect that his actions are politically motivated. Listed below are several points that have caused me to arrive at this conclusion."

"(1) Judge Brown has not denied the fact that I have met all of the requirements for a non-partisan or independent candidate according to Article 13.50."

"(2) He is attempting to disqualify me by applying Article 13.47a of the election code. This article is titled: APPLICATION TO BE NOMINATED BY A CONVENTION. My nomination was made by getting over 233 qualified voters to sign (See DAVIS, Page 7)

## Parade, Barbecue Climax 'Canyon Days' Celebration

World championship pony express races July 24 and 25 will highlight the Canyon Days celebration here this month.

Jimmy Plain, parade marshal, said some 70 riding clubs have been invited to participate. Plain is assisted by Ken Thompson. Races will be staged at 8 o'clock each evening. The races are sponsored by Randall County Sheriff's Posse.

The first three top teams will be given team trophies. Individual members of winning teams will receive belt buckles.

A parade will be held Saturday. It will begin at 14th Street on Fourth Avenue and proceed down Fourth to 25th and from there South to Ninth. On Ninth it will proceed west to Palo Duro Shopping Center, cross in front of the shopping center to 10th Avenue and go west to Conner Park.

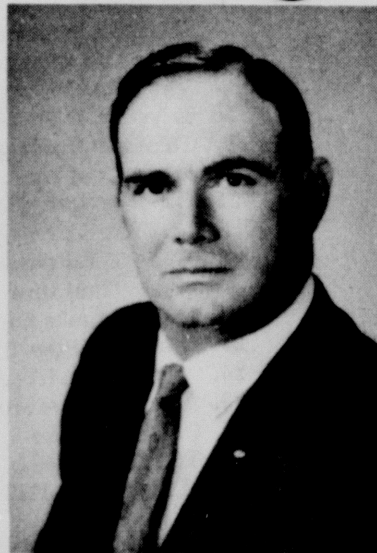

Barbecue will be served at noon at Conner Park.

Woody Pond and Eddie Holcomb are in charge of the barbecue. Dr. Robert West will provide the wood for the barbecue.

Barbecue will be \$1 for children 12 and under and \$1.50 for adults.

Woody Pond will head up the chuck wagon gang that is preparing barbecue for the Canyon Days celebration.

## Land Tax Value Topic Of Hearing

The Agriculture Land Assessment Study Committee, headed by Sen. Wayne Connally of Floresville, convened in Amarillo Wednesday at the Howard Johnson West.

The committee, created by a joint resolution of the Texas House and Senate is composed of five senators, five representatives and five laymen appointed by the governor.

The meeting is one of nine regional meetings being held over the state to serve as a sounding board for landowners, agricultural organizations and tax assessors to gather information concerning taxation of agricultural lands.

Testifying before the committee on behalf of the Randall County will be tax assessor-collector Audrey Bruse, chief deputy Orvie Henry and appraiser Lloyd Welch.

## CANYON RIM

A quarter of a century ago today a group of scientists gathered at the White Sands Proving Grounds near Alamogordo, N.M.

Presumably a safe distance away in a block house was man's most audacious venture into the unknown. The scientists waited in hushed anticipation. The count down 9-8-7-6-5-4-3-2-1.

Suddenly the heat of the sun was unleashed on the face of the earth, a heat of such intensity never experienced on this planet before. A mushroom cloud erupted upward and the atomic age was born.

The world will never be the same again.

It brought us new treatments for disease, especially cancer. It brought us power that helped us probe the planets.

It brought us heat and energy of such abundance that we never again need fear of depleting them. It made undreamed of technological advancements possible.

But it also brought us fear such as the world had never before experienced. Coupled

with guided missiles, it placed the whole world at ground zero. Never again can there be a completely anxiety free moment for mankind.

It just goes to prove that there is no such thing as a free lunch.

When we opened the wonderful treasure house of atomic energy we also opened the hateful box of Pandora.

My experience with the atom bomb came much later.

I was a communicator at Sharjah in Trucial Oman. I was working in the air to ground tower. I received a call from the British radio station in New Delhi, India.

"You Yanks have done it again," the New Delhi operator informed me.

"What have we Yanks done?" I asked not used to receiving compliments from our allies.

"You have dropped a bomb on Hiroshima, Japan equal to 20,000 tons of TNT," he declared.

I didn't pay too much attention to it at the time. As a matter of fact I finished my shift and went to eat without even mentioning it to any-

one. Within a few hours the news had come through officially and the little Royal Air Force outpost in the desert went wild with joy.

The Indian troops who were there to protect the technical personnel almost went out of their minds. They thought the war was over and started celebrating V-J day then and there.

Many pacifists and bleeding hearts still condemn President Truman for using the hell bomb on Japan. But some experts estimated it would have cost a million American lives to invade Japan without it.

Since I might have been one of that million, I still retain an admiration for HST because he had the guts to decide what he thought was right and did it without quibbling.

classic poem. Traditionally in American literature, virtue triumphed-but no more. Literary license has inspired licentious living. "Blind" Justice's scales are increasingly weighted in favor of evil.

The Supreme Court ruled that an offender cannot be jailed merely because he does not have the money to pay a fine. That "law-making" body failed, however, to devise an alternative method for punishing law-breakers.

And what about the man who is financially able to pay his fine, but refuses to do so? Presumably he can go to jail. Another strike for the rebellious do-nothings.

If a city policeman shoots a fleeing felon, or one who attacks him, the city is likely to be sued, and the policeman prosecuted.

If a man shoots a thief who breaks into his home, the courts may award the entire house to the thief-in addition to punitive damages.

Regardless of the savagery of an assault, the perpetrator cannot be held in jail until the trial. When he is released on bail, there is nothing to keep him from returning to the scene of the crime and finishing off his victim. Small wonder victims are reluctant to sign complaints.

It is common for a suspected felon to commit several more crimes, while free on bail, before he is brought to trial for the original offense. Nor is it uncommon for convicted felons to be given probation a half dozen times.

A generation ago, people

## Our World

who shunned beverage alcohol were cautioned to be tolerant of drinkers. And they taxed themselves into the millions to build alcoholic wards to rehabilitate the drunks.

Now in spite of the fact that alcohol is recognized by medical experts to be the most dangerous drug in our drug-damaged society, total abstainers are classified as radicals and drinkers are asked to be tolerant of them.

According to the National Safety Council of Chicago, fully 28,000 people died on the nation's highways last year because of drinking. When one adds to this carnage the suffering of the injured and the bereaved, and the destruction of property, one gets a terrifying picture.

Yet alcohol is served in almost all the "better" circles-including the White House.

Refusing to drink is considered ungracious; men have been denied business promotions for such "boorishness," and young people are likely to be ostracized by many social groups for abstaining. Peer pressure is often more persuasive than the most conscientious parental guidance.

It was reported in the newspaper that a young serviceman who refused to drink liquor was restrained by his "buddies" while they poured whiskey down his throat. He regurgitated, sucked the liquid into his lungs, and drowned.

Alcohol is a universally recognized evil, yet it is not only socially acceptable, it is considered a status symbol in many business and social circles.

McGuffey's Reader was rejected because virtue always triumphed, and evil received its just reward. "Unrealistic" said modern educators. Perhaps. But it was powerful conditioning for young minds.

The morality plays, popular in the Middle Ages, characterized great moral problems or ideals. These, too, have been rejected because they are unrealistic.

Must art and literature be lewd, perverted filth to be

realistic? Probably the majority of Americans would say "no." But every time one buys pornographic literature, or a ticket to an X rated movie or a dirty play, he has said "yes."

Commercial publishers and producers will quit buying obscene material anytime it ceases to be profitable.

Evil, like pollution, is everybody's problem. The scales can be balanced only as individuals change from the evil side to the good.

## WT Coaching Staff Changes Revealed

Roy Winters, one of the school's finer quarterbacks, has been added to the West Texas State University football coaching staff.

Head football coach and director of athletics Joe Kerbel hired Winters Tuesday.

Winters, who is the winningest quarterback over a two year period in the school's history, will be the head freshman coach and aid in the coaching of offensive backs.

Jim Ostrander, who has been head freshman coach for two years, has been elevated to the varsity staff. He will coach receivers and kickers.

Bobby Fox, in his second year on the West Texas State staff, is moving from receiver and kicker coach to handle the defensive secondary. The coaching vacancy was created last week when

Lance VanZandt accepted a job on the Texas A&M staff.

Winters was the starting quarterback for the Buffaloes during the 1967 and 1968 seasons. The Buffaloes were 8-3 in 1967, including a 35-13 win over San Fernando Valley State in the Pasadena Bowl, and 8-2 in 1968. No other West Tex-

as teams have won as many as 16 games in two consecutive years.

The 23-year-old Winters is the second leading passer in the school's history. During three varsity seasons he completed 179 of 428 passes for 2,815 yards and 17 touchdowns.

## Dairy Cattle Are Tested

A report of milk production levels attained by dairy cows in the area has been received from Holstein-Friesian Association of America. The actual food production output, recorded in the DHIR program, by these local Registered Holsteins is:

Hales Naches Randall Arlene 6827026, a two-year-old in the herd tested for Jones Hales, Canyon, produced 15,470 lbs. of milk and 618 lbs of butterfat in 355 days.

These new production figures may be compared to the estimated annual output of 8,821 lbs. (4,103 quarts) of milk and 325 lbs. of butterfat by the average U.S. dairy cow, notes the National Holstein Association.

Production testing is made available through the cooperative efforts of the state and local testing associations and Holstein-Friesian Association of America. Dairymen enrolled in the program pay for the service.

These crashes resulted in no persons killed, four persons injured, and an estimated property damage of \$10,265.00.

The rural accident summary for this county during the first six months of 1970 shows a total of 73 accidents resulting in three persons killed, 26 persons injured, and an estimated property damage of \$68,771.00.

During the first six months of 1970 in Texas, there were 1,482 traffic deaths which was twelve more as compared to the 1,470 traffic deaths for the same period of 1969. However, if past trends continue, the last six months will far exceed the first six months; as a matter of fact, the last six months of 1969 there were 2,081 traffic deaths.

Crownover stated, "With a record of 38 traffic victims over the July 4 weekend, Texas is well on its way to establishing an all time record of traffic deaths in 1970."

## New Pool Hours Set

New hours for the swimming pool in the Activities Center have been set according to swim coach Bob Conner.

During the summer the pool will be open from 12 noon until 10 p.m. Monday through Saturday. It will open from 1-10:30 p.m. on Sunday.

The Activities Center is opening from 9 a.m. until 11 p.m. each day.

duced 15,470 lbs. of milk and 618 lbs of butterfat in 355 days.

Hyder Johns Pioneer Ella 6500027, a three-year-old produced 19,590 lbs. of milk and 719 lbs. of butterfat in 352 days. Palo Duro Golden Jewel 6169482, a four-year-old, had 18,840 lbs. of milk and 671 lbs. of butterfat in 300 days. Rag Apple Skyanne 6758227, a two-year-old, had 16,810 lbs. of milk and 578 lbs. of butterfat in 341 days. All are included in the herd tested for Louis G. Hinders, Canyon.

## 10 Accidents Are Reported

The Texas Highway Patrol investigated 10 accidents on rural highways in Randall County during the month of June, according to Sergeant Jack Crownover, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed, four persons injured, and an estimated property damage of \$10,265.00.

The rural accident summary for this county during the first six months of 1970 shows a total of 73 accidents resulting in three persons killed, 26 persons injured, and an estimated property damage of \$68,771.00.

Mr. and Mrs. Charles Regal of Canyon are assisting in the pre-convention activities of Jehovah's Witnesses. They are helping to prepare for 6,500 of their fellow ministers to attend a 4-day convention, July 23-26 in the Amarillo Civic Center.

## Bryan Garner Is Second In Junior Tourney Here

Bryan Garner, 11-year old son of Mr. and Mrs. Gary Garner, 8 Country Club Drive, was the second place winner in the 12-13 year division at the West Texas Junior Golf Tournament held at Hunsley Hills Monday.

Garner shot an 81 and was beaten by Guy Conine of Lubbock who shot an 80.

Dennis Bryan of Amarillo was first in the 14-15 year division with a 77. Steve Les-

ter of Lubbock was second with a 78.

In the 16-17 year division, John Round of Lubbock scored a 73 for first. Second place resulted in tie, with Max Tenorio of Amarillo and Joe Zeigler of shooting 74's. In the play off Tenorio came out on top.

Others from Canyon participating in the tournament were Joe Mullican, Clay Teter, Randall Burton, Bill Turner and Marc Fritts.

## "Starlight Concert" To Be Held Sunday

The Amarillo Symphony will present its first "Starlight Concert" on Sunday at 8:30 p.m. in the Pioneer Amphitheatre in Palo Duro Canyon.

Theme for the program is "Music for a Summer Evening." Dr. Thomas Hohstadt will conduct the full symphony presentation and guest artists will be Diana Herring of Clovis, N. M., and Bob Guthrie.

Miss Herring, a soprano, will present musical comedy selections. Guthrie is a flamenco guitarist. Also performing will be a local country rock group, The Yellowstone Fuzzy Hawk Brothers.

Tickets are \$2.50 for adults and \$1 for children. They may be purchased at the Symphony Box office, 108 Amarillo Building, at the Amphitheatre Box office or from the Music Department.

ment in the Fine Arts Building at WTSU. The FAB box office will be open from 10:30 a.m. to 12 noon and from 1 to 3:30 p.m. The Amphitheatre box office will be open at 7:30 on the night of the production.

Second concert of the season will be Sunday Aug. 2, 8:30 p.m. with the program to be titled "Pop American Style."

Guest artists for the presentation will be Shari Kerbel, musical comedy selections; a barber shop quartet called the "Chordigans" and a second appearance by the Yellowstone Fuzzy Hawk Brothers. The rock group will play with the Symphony in arrangements from the musical "Hair".

And have enough hot water left to do the uniforms.

A GAS WATER HEATER does it all, and does it better, because with gas there's always plenty of hot water when you need it... at the cost you want.

Here are seven reasons why a gas water heater is best:

1. Fast recovery keeps your gas water heater way ahead of every demand.
2. The thermostat on your gas water heater automatically maintains a constant temperature, even when you use large amounts of hot water.
3. Gas is efficient. Gas burners start up instantly, deliver more heat to the water. And gas is clean too.
4. Nothing is more dependable than gas.
5. Automatic gas water heaters cost less to buy and install.
6. Gas burners last longer and give years of trouble-free use. That's another saving.
7. Gas costs so little to operate that you can afford to use all the hot water you want.

So, if it's hot water you need, and plenty of it, you need an automatic gas water heater. Call your plumber or gas appliance dealer soon.

# Dumas Nips Canyon 6-2 In All-Star Play

The Dumas All-Stars whit-tled out a 6-2 win over the Canyon Babe Ruth All-Stars in the first round of the Dumas tournament Tuesday night.

Canyon's first score came in the top of the third when Wayne Pitt singled to center-field and stole second on an Ed Lair strikeout. Dwight Brandt bunted and Pitt moved to third. A single by Bill Moore scored Pitt.

Dumas tied the score one-all when Carter scored on a double by Hodge in the bottom of the third.

Sammy Kerbel led off with a single for Canyon in the top of the fourth. He moved to second on a passed ball. Pitt singled and Kerbel scored on a single by Ed Lair.

The bottom fell out in the fifth when Canyon pitcher Bill Moore walked Cook of Dumas with the bases loaded forcing Carter in for the Dumas score. Irving of Dumas scored on an attempted force at the plate.

Canyon changed pitchers with two out and Hodges scored on an error by the

new pitcher, Gary Gerber. Dumas kept the pace going in the sixth when with two out Carter singled followed by a triple by Irving scoring Carter. Irving scored on a ball bobbled to second by Sisson.

Winning pitcher was Moon and Bill Moore was credited with the loss.

The Canyon team played Olton Wednesday night. The winner of that game will play the winner of the Spearman-Muleshoe game to-night.

Winner of the Thursday game will meet the loser of the Dumas-Plainview game. Winner of this game will play the winner of the Dumas-Plainview game on Saturday.

## Correction

E.D. Morris was mis-quoted in an article in Sunday's paper as saying, "I wouldn't give nothin' for that trophy." Morris said, "I wouldn't take nothin' for that trophy."

## Holman Rites Will Be Today ; Pinckert Rites Held

Mrs. Margaret Bewley Holman, 67, was found dead at her home, 1401 1/2 6th Ave., Tuesday at 8 p.m. by her brother, Charles Bewley.

### News Briefs

Sherri Lassiter is in Highland General Hospital in Pampa, after undergoing arm surgery Tuesday. It is expected she will remain hospitalized for several days.

Canyon Rainbow Girls will have a bake sale Saturday in Cooper's Market.

Mr. and Mrs. Irby Carruth of Austin visited friends and relatives in Canyon this week.

Cause of death was listed as a massive coronary by Justice of the Peace Bill Wilson, acting as coroner.

Funeral services will be held this morning at 11 a.m. in LaGrone Chapel with the Rev. Bill Foil officiating. The casket will not be opened. Burial will be in Dreamland Cemetery.

Mrs. Holman is survived by a son, Alvin A. Parker of Mohegan Lake, N. Y., a daughter, Mrs. Tommy Hairsine of Dennison; a sister, Mrs. Sophie Couch of Waco, two brothers, Charles Bewley of Route 1, Canyon and John L. Bewley, 1810 5th Ave., in Canyon; and four grandchildren.

Funeral services were held Wednesday in Hereford United First Methodist Church at 4 p.m. for Frank Lewis Pinckert, 88.

Mr. Pinckert was the father of Mrs. Buddie Taylor of Canyon. He is also survived by two sons, Chester "Chub" of Hereford, and Robert Lee of Ignacio, Colo.; 13 grandchildren and 29 great grandchildren.

Born in Ohio, Mr. Pinckert moved to Hereford in 1918. He died Monday at Deaf Smith County Hospital. Mr. Pinckert had been employed by Osgood Monument Co. of

Amarillo. Burial was in West Park Cemetery in Hereford with arrangements handled by Gililand Funeral Home. Services were conducted by the Rev. Clifford Trotter, pastor of the United First Methodist Church, assisted by J. T. Marlin, pastor of the Plains and Sunset Church of Christ.

Perhaps you've never thought of life insurance as "happiness." But it is in many ways. It helps you get rid of financial worries so you can live a little! Each dollar you put into cash-value life insurance works like four. It works as a protection dollar. As an emergency dollar. As an opportunity dollar. And as a retirement dollar. Four ways. Ready money whenever you need it. That's a lot of happiness!

## Defensive Coach Joins Eagle Staff

James Earl "Blackie" Wade has joined the Canyon High School varsity staff of Coach Dunny Goode. Wade, who is originally from Quanah, will be a defensive coach.

Wade, all state halfback on the 1961 Quanah state finalist team, comes to Canyon after spending two years at Chillicothe. He

it until it did happen."

"The only reason they went into Cambodia was because the neutrality of Cambodia was being violated by a foreign power, North Vietnam." There was no indication that the Cambodians regard the U. S. intervention as a violation of neutrality. In regard to the right wing government that is now in power in Cambodia, the state department indicated that they feel a great deal can be accomplished while it is still in power. No estimate is made of the length of time this government may continue.

According to Christian, the briefing indicated that a great deal has been accomplished in Vietnam in the past year. The government has reverted power back to the people in the regions and a great deal of the countryside is armed in militia groups. If the South Vietnamese government was not stable, it could be overthrown by its own people. Only 10 percent of the Vietnamese territory in South Vietnam is regarded as "not secure."

Regarding withdrawal of troops from Vietnam, Christian said they were told, "Withdrawal, as far as we could tell right now, would be going along on schedule. It has not been put on a time table, but according to the schedule as it exists now, it is going right along."

Christian noted that the information received, though of not great benefit to the work in the state legislatures, does tend to give opportunity to gain a better understanding of the foreign policy program and to promote understanding of these policies through local constituencies.

### KC Officers Installed

The Umbarger Council of Knights of Columbus held the annual installation of officers Tuesday evening in the Knights of Columbus hall.

Installed were Msgr. Matthew Schafle, chaplain; Ed Wieck, grand knight; Elroy Artho, deputy grand knight; Don Dolle, Chancellor; Carl Frische, recorder; Jack Brandt, financial secretary; Robert Koch, treasurer; Charles Batenhorst, warden; Carl Hartman and Pete Aragon, guards; and E. A. Stocker, Ben Koch and Paul Schneiderman, trustees.

The installation was conducted by district deputy, Jimmie Jesko.

He was a four year letterman in football at North Texas State University where he received his B.S. degree in physical education and biology.

In discussing prospects for the fall 1970 team, Wade commented, "I think prospects are real good as far as attitude and the way they are working. They have got spirit and a lot of pride in themselves."

Wade is married to the former Bettina Ellis of Quanah and they have one son, Jim, three months. The Wades moved to Canyon on June 29.

together as man and wife.

Under cross examination he also testified of having delivered Metcalf to the state mental hospital at Wichita Falls in March of 1969.

Ralph Metcalf, auto dealer at Panhandle, said he refused to rent his nephew a car just before the marriage and told Mrs. Brock that Metcalf was already married.

He said Mrs. Brock left his place of business without saying a word. "I just didn't think it was right," he declared.

Mrs. Brock said the uncle had apologized to her but this Ralph Metcalf flatly denied on the witness stand.

Ralph Metcalf said his nephew told him he wanted to rent a car to go on his honeymoon with Mrs. Brock. "What are you going to do with the woman you've already got?" he said he asked Marvin. Ralph Metcalf appeared for the defense.

Another uncle, W. C. Metcalf, an Amarillo insurance man, testified that prior to the marriage of Mrs. Brock and Metcalf he had told Mrs. Brock's father that Metcalf was already married.

He said he made the revelation after Messer had told him that his daughter was going to marry Metcalf.

"He didn't say a word, he just left," the uncle declared.

Nancy Voucher, 5113 Parker, who worked at the lounge with Mrs. Brock, said she told Mrs. Brock that Metcalf was already married. She said she knew of the marriage because she had gone bowling with Lois Marie.

"She (Mrs. Brock) said she was going to marry Wheels whether he was married or

## Group To Perform At Annual Picnic

"Poor Richard's Almanac," a singing and instrumental group from McMurry College in Abilene, will provide the entertainment for the First United Methodist Church annual picnic and worship service at Ceta Canyon.

To be held Sunday, the activities will open with swimming, games, relaxation and fellowship from 4-7 p.m.; an old-fashioned basket supper will be held from 7-8:30 p.m. Drinks, bread and silver will be furnished.

The entertainment and worship service is slated for 8:30-9:30 p.m.

Members of "Poor Richard's Almanac" are Tom Fuller, a junior religion major; Cathy Wills, a junior speech major; and Richard Petree, a McMurry graduate in business.

The group won the State Farm Bureau talent contest

and a trip to the national convention in Washington, D. C. last fall. They sang for a general session of the Congress with President Richard Nixon in attendance.

They have performed for church and civic groups and schools all over the state of Texas as a public relations branch of the college.

# Up, Up And Away; Pilot Penny's Off Again

BY DIANNE BROADDUS

There is one girl in Canyon who can't seem to keep her feet on the ground.

First it was airplanes and now it is gliders and she is equally in love with both of them.

The pilot is Penny Warren, 20-year old daughter of Mr. and Mrs. A.M. Warren,

east of Canyon.

"My father got me interested in flying," she said. "I really never thought anything would come of it, but now I'm in love with it."

Miss Warren is now taking gliding lessons from Charles Frye in Hereford and hopes to get her license by the end of the summer.

"Francis Shell is the one who got me to take gliding lessons. He was taking them and he mentioned to my father that I might like to take them, too. I went along and took my first lesson and now I'm in love with gliding, too," she said.

"Gliding is much smoother than flying in a regular

airplane," Miss Warren said. "There is no engine so there is no noise. All you can hear is the wind. Other than that it is very quiet. You go a lot slower in a glider," she explained.

A glider depends on thermo waves to stay in the air, she said.

"A thermo wave is a mass

of air on the ground. It rises and falls. Under a cloud thermo waves are real good. In a glider, you follow the thermo waves, and if you turn out of one, you can glide until you find another one," she said.

"To get into the air, an airplane tows the glider. The glider stays behind the plane until it reaches an altitude of 3,000 feet. Then the towing cord is released and you are on your own. As long as you've got a thermo wave, you're set," she said.

Miss Warren said the landing is as smooth as the ride.

"You're only going about 45 miles an hour when you land. There is one main wheel under the fuselage and the body of the plane. It lets you land real, real easy. And the brakes can stop you within 200 feet," she said.

"A glider is a lot lighter

than an airplane. The body is made of canvas. Each wing has a span of 52 feet—they're real long. It is just like a great big bird," she said.

"It is hard to imagine that a plane could get so high without any power," she said.

"Sunday was the first time I'd ever been in a glider. I didn't think the instructor would let me do very much the first time, but he did. We did stalls and steep turns and I really learned a lot about gliding. The ride was real smooth, not half as bumpy as a regular plane," she said.

## Family Camp Registration Is Scheduled

Forms are now available for Family Camp in the office of the First Christian Church.

The camp is scheduled from Aug. 9-12 at Ceta Glen Christian Camp.

The registration fee is \$10 for adults, \$7 for school age children and \$5 for preschool children.

Dr. John Knowles, area minister, will be the Bible lecturer at the camp. Dr. William K. Norton, professor of psychology, will be the family life lecturer.

Registration should be completed Aug. 2.

## Bible School Is To Begin

Vacation Bible School will begin at Grace Baptist Church Monday and will last through Friday. The school is scheduled from 7 p.m. to 9 p.m. each day.

The theme of the Bible School is "God's Strange Preachers."

Hand work and refreshments will be included in the activities afforded the youngsters, aged 4 through 11.

# First Concert By Campers Slated For Tomorrow Night On Campus

West Texas Music Campers will present their first concert tomorrow at 7 p.m. in the Fine Arts Theatre on the WTSU campus.

The campers arrived for the 18th annual camp Sunday.

Dr. John Green is director for the camp. Other administrative officers are Donald Baird, assistant camp director; Jerry Finnell, attendance officer and Alice Williams, secretary.

Included in the camp program are courses in various bands, drum majoring, twirling, and music appreciation and theory and ensemble experiences.

The campers will also be participating in various

"There are fewer instruments in a glider. There is an altimeter, one that measures air speed and one that tells whether or not you are in a draft. There is a string tied to the outside of the craft which lets you know if you are flying level or not. The string is straight if the craft is level and it turns if the plane turns," she said.

"If a glider ever is in a position where there are no thermo waves to support it, then it has to land. If possible it should land where a towing plane can get to it, but sometimes there isn't much choice where you land," she said.

"It didn't bother me at all to be in the glider, knowing that there was no motor to depend on. I guess I've had enough hours of flying time that it just didn't bother me," she said.

"Gliders usually go about 45-65 miles an hour. Sometimes you can get them to go as high as 95, but it isn't a real good idea," she said.

Miss Warren received her private pilot's license the end of June. She began taking lessons in Amarillo last summer.

"I could have completed the course in about three months, but I wasn't in any hurry. It was my father who got me interested. He was a pilot in World War II and he just loves flying. I think he

wanted me to get my license so that I could take him up in the plane," she said.

"I go up about once a week now. I would like to get my commercial license and my flying experience will help," she said. "You can rent an airplane almost anywhere."

Miss Warren also has some earthly interests. At the present she is enrolled in a biology course at West Texas State University's summer session. In the fall she will return to Texas Tech where she will be a junior. She is majoring in child development.

## Olshan Visit To Be July 17

Immanuel Olshan, who is photographing the ten "Texas Trails," will be in Canyon July 17 to begin taking pictures of the "Plains Trail."

Olshan, a Houston businessman, had previously been scheduled to make a visit to the Panhandle on July 6.

He will be making a movie of the historical and tourist attractions along the Plains Trail under the auspices of the Texas Tourist Development Agency and the travel development division of the Texas Highway Department.

The scenes filmed will be part of a tourist travelogue movie.

Penny Warren gets the feel of the glider cockpit before she gets instruction on flying the craft.

## Cast Members Have Plains Ties

Several members of the "TEXAS" cast have roots in the Panhandle which enable them to have a real comprehension of the forces which moves the characters in Paul Green's drama of the plains.

David Schuette, the horse wrangler who rides to the top of the cliff each evening with his flag to herald the opening of the performance is the grandson of Fred Schuette, and early settler. He was a cowboy on the T-Anchor Ranch, one of the earliest spreads. The T-Anchor Ranch house, one of the earliest buildings built in the area, stands on the campus of West Texas State University, still sturdy, made of logs cut in the Canyon.

Linda Rockwell is the great niece of Montie Rockwell of Canyon. Her maiden name was Montie McBride and McBride's Canyon is named for her family. She was an early teacher there.

Harold Orr's grandfather was a missionary in the southern panhandle.

Vicki McFarlin is the great-granddaughter of Mr. and Mrs. J.L. McFarlin, early settlers in Moore County.

Dean Kelley, who plays "Uncle Henry", is married to the niece of Mr. and Mrs. O.H. Finch, longtime panhandle ranchers and philanthropists who live in Borger.

Ruth Ann Carroll is the grandniece of Gus Freeman of Hereford.

Edward Dalton is almost a pioneer himself. He has worked for forty years as a cowboy in the panhandle.

## Airport Gets Tie-Downs

Tie-downs for 30 to 35 planes are being installed at Canyon Airport, according to J. G. "Whitey" Voelm.

"We are in the process of installing them right now. We had to have holes dug and cement to put them in. They probably run about \$25 to \$30 apiece," Voelm said.

Originally the airport had facilities for tying down 15 planes. The new tie-downs were installed in response to a request by members of the Texas Private Flyers Association who plan to fly in from Dallas for the "TEXAS" production. The group will include approximately 25 planes and 50 persons if plans for the fly-in are approved by the organization's board of directors.

spending years on the Yellow House spread near Littlefield, and being on the crews of the Bivins and Masterson ranches.

Two members of the cast belong to families having experiences in the Palo Duro Canyon itself. Mike Wilson (Abel Tatum) is the great-grandson of the founder of the McSpadden Ranch just south of Canyon. The McSpadden cowboys exchanged work with the Marshall cowboys and the Marshall land is still adjoining the Canyon. In 1941 and 1942, the state leased grass lands in the Palo Duro State Park area and the McSpad-

dens ran some cattle there. Some strays wandered into the area where the theatre is now. Gene Morrison, the father of the Gene Morrison who sings in "TEXAS" this year, remembers driving several strays up the trail which the rider in the show uses every night. He was one of the McSpadden cowboys at the time. They also went into the Canyon to vaccinate cattle and mules during the epidemic in 1942.

For reservations to see "TEXAS" the story of the early days on these plains, write "TEXAS", Box 268, Canyon, Tex., 79015 or call 806-655-2182.

## Phillips Service Held Wednesday

Funeral services were held Wednesday in La Grone Chapel for Minnie Ruth Glass Phillips.

Mrs. Phillips, who resided at 2000 4th Ave., was born Nov. 28, 1903 in Farmersville. She died July 13 at Nebett Hospital.

She married A. G. Phillips in Farmersville April 5, 1923 and moved to Canyon from Childress in 1950. Mrs. Phillips was a member of the First Baptist Church and had worked for 13 years in the West Texas State University cafeteria. She retired two years ago.

## Phebean Class Has Gathering

The Phebean Bible Study class at the First Baptist Church met recently in the Paul Summers home.

Mrs. H. M. Stokes, president, was in charge of the business meeting.

The opening prayer was given by Ona Mae McMurray. Roll call was answered by nine members and one guest. Minutes were read by Mrs. Elmer Marshall.

Mrs. Lee Allen gave the devotional on "The Seven Promises."

Program was given by Mrs. Earl J. Davis.

The closing prayer was by Mrs. Stokes. Attending the meeting were Mesdames A. K. Goodman, H. M. Stokes, Earl J. Davis, Lee Allen, Ona Mae McMurray, Carl Hartman, Edd Weeks, Elmer Marshall and Paul Summers. Mrs. Layden Humphries was the guest.

The next meeting will be Sept. 10 in the home of Mrs. Claude Boatman. Mrs. Lee Allen will be co-hostess.

Services were conducted by the Rev. Bill Foil, pastor of the First Baptist Church, and the Rev. Bill Webb of the Baptist Student Center. Burial was in Dreamland Cemetery.

Active pall bearers were Billy Wallace, Ed Wallace, Otis Lambert, Ed Bourn, Bill Glass and Walter Tyner. Honorary pall bearers were T. G. Raines, Jack Dunn, Ezra Dunn, Ray Metcalf, Marvin Salmon, Roy Boyd, Dwayne Dennis, Jackie Whitley, Frank Mulligan and Doyle Bourn.

She is survived by her husband, A. G. Phillips of the home; one daughter, Mrs. Wesley Bourn of Canyon; one sister, Mrs. Mae Wallace of Clovis, N. M.; one brother, H. G. Glass of Odessa; and three grandsons, Edward Bourn, Lynn Bourn and Carl Bourn.

## Bride-Elect Is Honored With Shower

A surprise personal shower honored Miss Susan Hotchkiss, bride-elect of Jody Richardson on July 7.

Hostesses were Mrs. Charles Bussey and Teresa Mettel.

Attending the shower were Cherry Lewis, Cindy Ingram, Becky Chaveaux, Janice Billingsley, Darlene Blackman, Sherri Roberts, Carol Cutbirth, Earlene Sutton, Joyce Hotchkiss, Carol Burch and Gail Fox.

In High Plains Hospital in Amarillo this week were Mrs. Don Hefner, Buddy Price and Joe Currie.

## Campers Park Opens Saturday

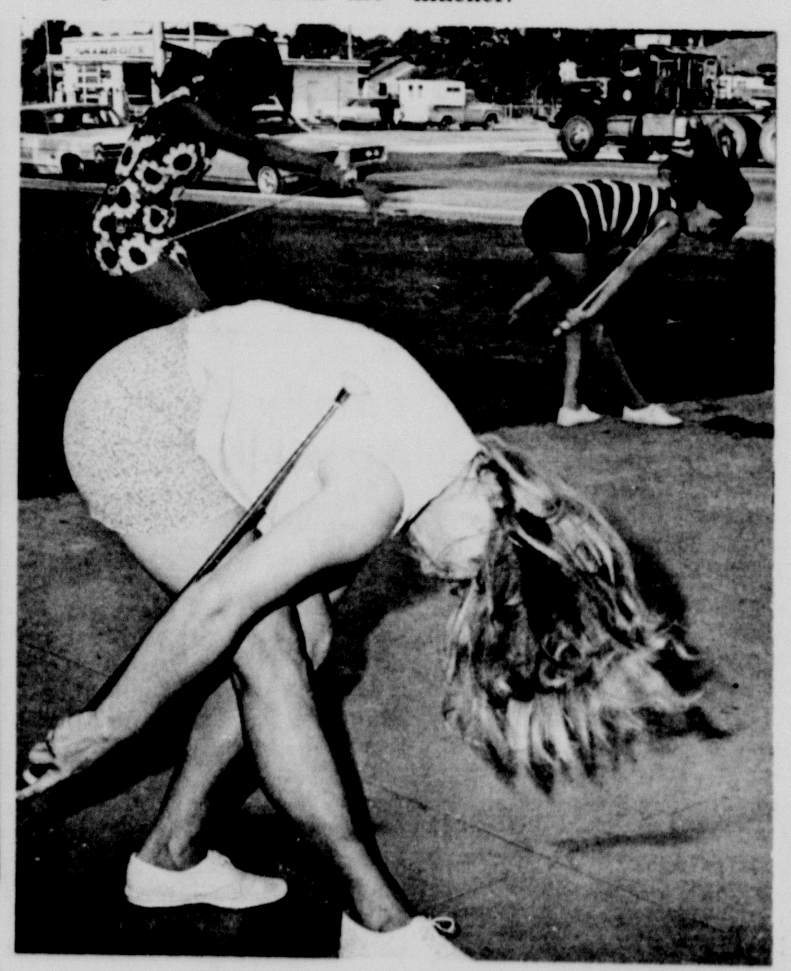

Grand opening for the Wagon Wheel Camp Ground will be held Saturday from 10 a.m. to 4 p.m., according to operator, Whitey Voelm.

The campground has facilities for 60 overnights, a bath house, coin operated laundry, and camping supplies. It is located behind the Rock Shop on the Hereford

Highway.

Voelm said, "We have had several trailers stop in the past two weeks. We haven't been open, but we had to accommodate 'em anyway—they have just been stopping."

He added that Canyon residents are also invited to inspect the new facility.

Band Camp opened Sunday afternoon as 1,070 junior, high and high school students converged on the WTSU campus to enroll in classes in band, music theory, twirling and all phases of music. Students in the band and orchestra classes are preparing for their first concert tomorrow night. The twirlers find the walk in front of the Fine Arts Building the perfect place to practice their routines.

Mrs. Bill Kitchen

## Good-Kitchen Marriage Solemnized In Chapel

Miss Linda Good of Canyon and Bill Kitchen of Abilene were married July 10 in the Joseph A. Hill Chapel on the campus of West Texas State University.

The bride is the daughter of Mr. and Mrs. Warren Good of Perryton. Kitchen is the son of Mr. and Mrs. J. D. Kitchen of Hamlin.

The Rev. Bill Webb of the Baptist Student Center officiated at the double ring ceremony.

The ceremony was lit with glowing trinity candles set in two flat fern arrangements. These ferns were ac-

cented with three large yellow spider mums in each arrangement.

Mrs. Hugh Sanders provided music at the organ. She played the traditional wedding march and other selections, including "More," "Always," "Because," "I Love You Truly," and "The Lord's Prayer."

The bride was given in marriage by her father. She wore an all-over import alencon lace dress. It was fashioned with a new-in-motion full skirt connected to the bodice by a low-waist satin bow. The dramatic scoop neckline brought out the fully draped lace cape sleeves to match the skirt. Her headpiece was a single white velvet rose with velvet streamers. Her bouquet had a center of large orchids with a yellow throat and picat ribbon to take out for the going away corsage. Around the orchid was green ivy with yellow stephanotis and yellow ribbons.

Mrs. Ron Pingel, sister of the bride, was matron of honor.

Lynn Eager from Quanah was best man.

Ushers were Jack Harper of Worland, Wyoming, and Gary Good, brother of the bride.

A reception followed the ceremony in the formal lounge of Cousins Hall.

The bride was graduated from Perryton High School in 1966. She has attended West Texas State University and will graduate in December with a BBA. She is a member of Pi Omega Pi and Phi Gamma Nu.

The groom was graduated from Hamlin High School in 1964. He has attended Cisco Junior College and WTSU where he was a member of Block and Bridle. He is now attending McMurry College in Abilene.

Miss Roy Ann Zumwalt

## Couple Plans To Exchange Vows Aug. 16

Mrs. Helen Zumwalt announces the engagement of

her daughter, Roy Ann, to Robert Stone (Stoney) Ormsby. Parents of the prospective bridegroom are Mr. and Mrs. Bill Ormsby.

The bride-elect will be attending Bauder Fashion Design College. Ormsby will attend the University of Texas at Arlington.

An August 16 wedding in St. Paul Methodist Church of Amarillo is planned.

## News Brief

About 21 members of Sixty-Plus Years Club met Thursday at 3 p.m. in Fellowship Hall of the First United Methodist Church.

## Two Girls Honored
